## University Policy Statements

The provisions of this publication are not to be regarded as an irrevocable contract between the student and the University of Maryland. Changes are effected from time to time in the general regulations and in the academic requirements. There are established procedures for making changes, procedures which protect the institution's integrity and the individual student's interest and welfare. A curriculum or graduation requirement, when altered, is not made retroactive unless the alteration is to the student's advantage and can be accommodated within the span of years normally required for graduation. When the actions of a student are judged by competent authority, using established procedure, to be detrimental to the interests of the university community, that person may be required to withdraw from the university. The University of Maryland, in all its branches and divisions, subscribes to a policy of equal educational and employment opportunity for people of every race, creed, ethnic origin, and sex.

It is university policy that smoking in classrooms is prohibited. Any student has the right to remind the instructor of this policy throughout the duration of the class.

The University of Maryland is an equal opportunity institution with respect to both education and employment. The University's policies, programs and activities are in conformance with pertinent federal and state laws and regulations on non-discrimination regarding race, color, religion, age, national origin, sex, and handicap. Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, as amended, Title IX of the 1972 Education Amendments, Section 504 of the Rehabilitation Act of 1973, or related legal requirements should be directed to the appropriate individual designated below.

COLLEGE PARK CAMPUS  
1981**

**Two Six Week Sessions**

**SESSION I** Tuesday, May 19-Friday, June 26

**SESSION II** Tuesday, June 30-Friday, August 7

**Summer Sessions 1981**

The University of Maryland at College Park offers a richly varied summer educational program to its continuing degree students and to qualified non-degree students for both graduate and undergraduate study. Students may select from over 1,000 courses representing 75 academic disciplines and a number of workshops and institutes designed to meet specific needs within disciplines. The summer sessions offer opportunities for degree students to accelerate completion of degrees, to make up deficiencies and requirements, and to broaden programs with studies which otherwise could not be fitted into their academic schedules.

The Summer Programs provide opportunities for non-degree students who may wish to test their abilities to pursue college level study or who may wish to indulge special academic interests. The professional or post-graduate student will find courses and workshops which permit updating of knowledge and techniques in specific disciplines within convenient schedules.

The summer faculty consists of distinguished members of the College Park faculty and outstanding visiting lecturers. In addition to academic studies the Summer Programs seek to provide a total university environment through varied and exciting recreational and cultural programs.

**Payment of Fees**

Returning students will not be permitted to complete registration until all financial obligations to the University including library fines, parking violation assessments and other penalty fees and service charges are paid in full.

Although the University regularly mails bills to students, it cannot assume responsibility for their receipt. If any student does not receive a bill on or before the start of each semester, it is his/her responsibility to obtain a copy of the bill by coming to Room 1103, South Administration Building, between the hours of 8:30 a.m. and 4:15 p.m., Monday through Friday.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check. In cases where the University has awarded a grant, scholarship, or workship the appropriate amount will be deducted on the bill, mailed approximately one month after the start of the semester.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. Students removed from housing because of delinquent indebtedness will be placed at the bottom of the waiting list after the financial obligation is satisfied and after reapplying for housing. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to pre-register or register for subsequent semesters until the debt is cleared. In the event of actual registration in a subsequent semester by a severed student who had not settled the student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester.

Restoration of Services Fee: \$25.00. Students who fail to pay the balance due on their accounts will have their University services severed. In order to have the services restored, students will be required to pay the total amount due plus the \$25.00 Restoration of Services Fee.

In accordance with State law, the accounts of delinquent and severed students are referred to the State Central Collections Unit in Baltimore for collection and legal follow-up. Costs incurred in collecting delinquent accounts are charged to the student. Collection costs are normally 15% plus any attorney and/or court fees.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript or record issued to a student who has not made satisfactory settlement of his or her account.

## GRADUATE ADMISSION INFORMATION

### SUMMER GRADUATE STUDY

The Summer Programs offer a large selection of courses at the graduate level. Students wishing to enroll in courses numbered 600 or above must be in a graduate admitted status at the University of Maryland. Students who receive faculty guidance or wish to use the research facilities of the University during the summer must register for an appropriate number of credits.

There are five types of graduate students who are eligible for enrollment during the 1981 Summer Sessions on the College Park Campus.

- (1) **CONTINUING STUDENTS** — Students whose graduate admission is still valid within the following time limits:

**Doctoral** — Five years from entrance date to be advanced to candidacy after which an additional four years are permitted for the completion of the remaining requirements, including the dissertation.

#### **Master's & Advanced Graduate Specialist (AGS) Certificate**

— Five years from entrance date.

Admission is valid either until the completion of the degree for which admitted or until the expiration of the time limits, whichever occurs first. A new application for admission is then required to change program and/or degree or non-degree status. The admitted status for both degree and certificate seekers is continued only if departmental and Graduate School academic and administrative requirements are maintained.

**Advanced Special Student** — Five years from entrance date unless a shorter period is specified in the offer of admission. The admitted status is continued only if Graduate School academic and administrative requirements are maintained.

**Visiting Graduate** — One academic year. If the student's current graduate admission is valid, special Summer Session admission is not required.

**TO REGISTER:** Follow procedures under REGISTRATION, page 8.

- (2) **NEW DEGREE AND A.G.S. CERTIFICATE STUDENTS** — Students who wish to obtain a master's degree or Advanced Graduate Specialist (A.G.S.) Certificate must complete a regular application for admission to the Graduate School. The deadline for submitting an application and all supporting documents is May 1, 1981 for either Summer Session or the Fall 1981 semester. For application materials and a Graduate Bulletin, please write or call: The Graduate

School, University of Maryland, College Park, Maryland 20742, (301) 454-4006. **Do NOT use the application in this schedule of classes.** Applicants are **not** eligible to register until an offer of admission letter is received from the Graduate School.

- (3) **ADVANCED SPECIAL STUDENT** — The Advanced Special Student status is designed to provide an opportunity for individuals who do not have an immediate degree objective in mind to take graduate level courses. Students admitted in this status are subject to the same instructor consent regulations as are other graduate students. A detailed statement of regulations governing the Advanced Special Student status, from which the following material is condensed, may be found in The Graduate Catalog. To be admitted, applicants must submit application, a \$15 fee and documents to satisfy ONE of the following criteria:

- Hold a baccalaureate degree from a regionally accredited institution with an overall "B" (3.0) average (official transcript required).
- Hold a master's or doctoral degree from a regionally accredited institution (official transcript required).
- Hold a baccalaureate degree from a regionally accredited institution and have at least four years of successful post-baccalaureate work or professional experience (official transcript required).
- Achieve a score that places the applicant in the upper 50 percentile of appropriate national standardized aptitude examinations such as the Graduate Record Examination Aptitude Test, The Miller Analogies Test, the Graduate Management Admissions Test. Official test transcripts are required.

Admission to Advanced Special Student Status will be granted by the Dean for Graduate Studies and Research.

Admission to Advanced Special Student status is not intended to be used as a qualifying program for either doctoral or master's programs nor for the Advanced Graduate Specialist Certificate program. Credits earned while in this status may be applicable to a degree or certificate program at a later time only with the approval of the faculty in the program if the student is subsequently accepted for degree or certificate study.

To be admitted, complete the Graduate School application at the back of this booklet. The appropriate documentation, including transcript, test scores and/or letters from employer(s), must be submitted with the application. The \$15.00 application fee must also accompany the application. **Do NOT** mail the application after May 2, 1981 for Session I; June 6, 1981 for Session II.

Or bring it to Campus Registration. **TO REGISTER:** follow the Registration Procedures in this catalog.

A student wishing to be considered for admission to a degree program at a later time should present an application in the standard format to the Graduate School with a new application fee.

(4) VISITING GRADUATE STUDENT — A graduate student matriculated in another graduate school may be admitted as a visiting graduate student. Complete the Visiting Graduate Student "Summer Only" application enclosed at the back of this catalog. Transcripts are **NOT** required. A letter of permission from the applicant's graduate dean, indicating that the applicant is in good standing, must be submitted. Certification that credits earned at the College Park Campus will be accepted by the parent institution is the responsibility of the applicant. **TO REGISTER:** follow the Registration Procedures in this catalog.

(5) NATIONAL SCIENCE FOUNDATION INSTITUTE STATUS — Application for admission to an NSF Institute should be addressed to the director of the NSF Institute. Students already admitted to a regular graduate degree or non-degree status may also qualify for participation in an NSF Institute.

## FOREIGN STUDENTS ADMISSIONS INFORMATION

Students on F-1 (student) visas who wish to attend the University of Maryland, College Park, for the **Summer Sessions only** must present a letter from the Dean/Chairperson of their academic department at the college or university that they are currently attending stating that the institution is aware that the student is applying to UMCP's Summer Session and will return to the home institution in the Fall term. Before applying for Summer School only, foreign students must be enrolled in an academic program at another tertiary institution, not in an English as a Second Language program.

Foreign students on F-1 (student) status who wish to apply to begin their studies at the University of Maryland, College Park on a full-time degree-seeking basis must apply for the fall semester. If their admission is complete prior to the beginning of the Summer Session, undergraduate foreign students already in the U.S. may use their fall letter of admission to enroll in coursework offered during the Summer Session. Graduate foreign students should contact the Graduate School in the South Administration Building prior to registration.

## VETERANS BENEFITS

Students attending the University under the Veteran's Education Assistance Act (Title 38, U.S. Code) who completed preregistration will be certified on the basis of preregistration course requests. This certification should be verified by the student at the Registrations Office, Room 1117, North Administration Building, 9:00 a.m. to 4:00 p.m., Monday through Friday.

### ENROLLMENT CERTIFICATION AND VA PAYMENTS

#### 1. How to compute payments based on enrollment status:

Undergraduate student enrollment status is based on the number of credits for which the student is registered. Graduate student enrollment status is based on the number of units for which the student is registered. Courses taken as "AUDIT" cannot be counted toward credit for graduate or undergraduate students. Charges are the same for audit and for credit courses.

#### TABLE FOR COMPUTING GRADUATE UNITS

000-399	2 Units per credit
400-499	4 Units per credit
500-599	5 Units per credit
600-898	6 Units per credit
799	12 Units per credit
899	18 Units per credit

Graduate students will not be certified for any course below the 400 level unless it is required by their department and a letter stating this is approved by Dr. Samon in the Graduate School and submitted to the Veteran's Affairs Office when registering. Courses below 400-level will not receive Graduate Credit.

#### 2. Table for payment during each Summer Session.\*

**\*COURSES WHICH VARY FROM THE REGULAR SIX WEEK SESSIONS ARE CALCULATED BY V.A. ACCORDING TO LENGTH OF TIME AS WELL AS CREDITS OR UNITS.**

#### 3. Graduate Assistants

Graduate students who are graduate assistants will be certified full time if their assistantship is confirmed in writing by the Graduate School and they are taking 12 units each summer session. This must be done for each summer session. Please note — the Veterans Administration's definition of "full time" for Graduate Assistants differs from the University of Maryland definition and should be used only for V.A. purposes.

### PROTECTION OF PRIVACY INFORMATION SHEET

Public law 93-579 entitled the Privacy Act of 1974 requires that all claimants be informed of the purposes and uses to be made of the information which is solicited. The following is furnished to explain the reason why the information is requested and the general uses to which that information may be put.

## ACADEMIC INFORMATION

---

The information given below is taken from Academic Regulations, a complete statement of which may be found in the Undergraduate and Graduate Catalogs.

### The University Studies Program

Virtually all American colleges and universities ask that students receiving a degree complete a common set of requirements. These common requirements are usually referred to by the generic term "general education." General education requirements represent a faculty's definition of the knowledge, awareness, and skills that all graduates should possess before that faculty will give its consent to the awarding of a degree. General education is that portion of the degree requirements in which the entire faculty has concern.

The University Studies Program is the general education requirement at the University of Maryland, College Park. This program must be completed by all students beginning baccalaureate study after May, 1980. It is intended to provide students with the intellectual skills and conceptual background basic to an understanding of the universe, society and themselves. The focus is not on any particular bodies of knowledge, for almost any subject matter can lead to an awareness of general modes of understanding the world. Thus, for example, it does not matter whether the student studies physics or botany as long as he or she comes away from the course with some understanding of the power of the empirical investigation that characterizes science.

The University Studies Program has three parts. The "Fundamental Studies" section of the program is intended to establish the student's ability to participate in the discourse of the university through demonstrated mastery of written English and mathematics. These requirements are to be completed early in the student's program in order to serve as a foundation for subsequent work.

The "Distributive Studies" requirement is intended, through study in particular disciplines, to acquaint students with the different ways of analyzing and talking about the world that characterize the three areas into which the university's knowledge is traditionally divided: the physical and biological sciences, the social and behavioral sciences, and the arts and humanities. The fourth category, "History and Culture," includes courses that lead to the consideration of historical and cultural differences and the relationship of our own society to those of other times and places.

During the 1980-81 academic year, an "Advanced Studies" requirement of six credit hours will be defined. While the specific form of this requirement has not been finally determined, it is expected that it will include only courses offered at 300- and 400-level (upper division) and that students will have to have reached junior standing (56 cr. hrs. completed) before being eligible to enroll in these

courses. "Advanced Studies" work will ask students to consider and apply their knowledge in broad contexts and in ways that require a higher level of intellectual sophistication.

The University Studies requirements, designed to be spread throughout the student's four years, represent a third of the total academic work required for graduation. It is the purpose of this program, in combination with the extensive work of the major, to help prepare students to become productive, aware and sensitive members of society, capable of understanding their world and the many kinds of people in it and of taking responsibility for their own decisions and their own lives.

### Outline of the Program

These requirements are effective for students beginning baccalaureate study in May, 1980 or thereafter.

- I. Fundamental Studies-9 cr. (Except for ENGL 391 or 393, must be completed by the time the student has completed 30 credit hours).

    2. ENGL 391 (Junior Level Expository Writing) or 393 (Technical Writing) - 3 cr.
      - a. Must be taken *after* student has completed 56 cr. hrs. (i.e., has reached junior standing).
      - b. Students with SAT verbal 700 or above or A in ENGL 101 or AP of 4 or 5 are exempt.
  - B. Mathematics - 3 cr. MATH 110 (or the modular equivalent MATH 102-3-4) or MATH 115.
    1. Students with the following minimum examination scores or higher are exempt:
      - a. SAT: 600
      - b. College Board Achievement Tests in Mathematics, Level I or II: 600
      - c. Advanced Placement Examinations, Calculus AB or BC: 3
      - d. Any CLEP *Subject* Examination in Mathematics: 60
    2. Successful completion of any of the following higher level entry courses than MATH 110: MATH 111, 140, 141, 150, 151, 220, 221, 240, 241, 246, 250, 251; STAT 100, 250.
- II. Distributive Studies - minimum: 24 cr.
  - A. Culture and History (min.: 6 cr., 2 courses).
  - B. Natural Sciences and Mathematics (min.: 6 cr., 2 courses) One course must be a laboratory science.
  - C. Literature and the Arts (min.: 6 cr., 2 courses)
  - D. Social and Behavioral Sciences (min.: 6 cr., 2 courses).
- III. Advanced Studies-6 cr. (Specific requirement to be determined. May be fulfilled only after student has completed 56 cr. hrs.)

Courses to meet these requirements may be chosen from a list designated by the University Studies Committee as suitable for satisfying each of the requirements (See the *Schedule of Classes* for this list).

## General University Requirements

Students who began baccalaureate study prior to May, 1980 may elect to complete these requirements rather than the University Studies Program requirements (see above).

In order to provide educational breadth for all students, there have been established the General University Requirements. These requirements consist of 30 semester hours of credit distributed among the three areas listed below. (For an exception to this regulation, see the Bachelor of General Studies Program. See page 48.) At least 6 hours must be taken in each area. At least 9 of the 30 hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Area A: 6 - 12 hours elected in the Divisions of Agricultural and Life Sciences; Mathematical and Physical Sciences and Engineering. Area B: 6 - 12 hours in the Divisions of Behavioral and Social Sciences; Human and Community Resources. Area C: 6 - 12 hours in the Division of Arts and Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. The students may select either the pass-fail or letter grading option for these courses as outlined on page 32. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.

Demonstration of competency in English composition: unless the student has been exempted from English composition, at least one course in the subject will be required. Exemption is granted if the student earns an acceptable score on the SAT Verbal (score announced annually) or an acceptable score on the English Advanced Placement Test (score announced annually), or by satisfactory completion of a similar writing course at another institution.

Students taking a course to satisfy this requirement may apply the credits toward the 30-hour General University Requirement but may not count these credits toward the satisfaction of the minimum 6-hour requirement in any of the three designated areas. Credit for such a course may be in addition to the 12-hour maximum in any area.

**NOTE:** Students who began baccalaureate study after May, 1978 must complete the English composition requirement specified in the Fundamental Studies section of the University Studies Program (see above). Only three hours of this six hour requirement may be used to satisfy General University Requirements.

Students who entered the University prior to June, 1973 have the option of completing requirements under the former General Education Program rather than the new General University Requirements. Each student is responsible for making certain that the various provisions of either set of requirements have been satisfied prior to certification for the degree. Assistance and advice may be obtained from the academic advisor or the Office of the Administrative Dean for Undergraduate Students.

## ACADEMIC CREDIT

The semester hour is the unit of credit. During the Summer Session a typical 3 credit hour course meets five times a week for six weeks and requires daily preparation. Each class period is 80 minutes in length.

Students who are matriculated as candidates for degrees will be given credit toward the appropriate degree for satisfactory completion of summer courses. Each student

is responsible for the determination of applicability of courses selected to the degree program and is urged to consult an academic advisor.

All students enrolled for credit will receive an official grade for each course.

## Marking System

1. The following symbols are used on the student's permanent record for all courses in which he or she is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W. These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and the dean or provost, that an actual mistake was made in determining or recording the grade.
2. The **mark of A** denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages, a mark of A will be assigned a value of 4 quality points per credit hour.
3. The **mark of B** denotes good mastery of the subject. It denotes good scholarship. In computation of cumulative or semester averages a mark of B will be assigned 3 quality points per credit hour.
4. The **mark of C** denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The **mark of D** denotes borderline understanding of the subject. It denotes marginal performance, and it **does not represent satisfactory progress toward a degree**. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The **mark of F** denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.
7. The **mark of P** is a student option mark equivalent to A, B, C, or D. (See **Pass-Fail** option below.) The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The **mark of S** is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.

9. The **mark of I** is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he or she has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor; it is the student's responsibility to request arrangements for completion of the work. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's dean or provost upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through re-registration for the course or through the technique of "credit by examination." In any event this mark shall not be used in any computations.

10. The **mark of W** is used to denote that the student withdrew from a course in which he or she was enrolled at the end of the schedule adjustment period. This mark shall not be used in any computation, but for information and completeness is placed on the permanent record by the Office of Registrations. The Office of Registrations will promptly notify the instructor that the student has withdrawn from the course.

11. **Audit.** A student may register to audit a course or courses in which space is available. The notation **AUD** will be placed on the transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

#### **PASS/FAIL OPTION**

Undergraduate students who have completed 15 or more credit hours on the College Park Campus and have a cumulative average of at least 2.0 may register on a pass/fail basis if the course offers the pass/fail grading option. No more than 20 percent of the credits offered toward a degree may be taken on the pass/fail basis. A complete statement of regulations concerning the pass/fail option is available in the **Undergraduate Catalog**.

Graduate students may enroll on a pass/fail basis for courses numbered 399 or below.

#### **PROTECTION OF PRIVACY UNIVERSITY POLICY ON DISCLOSURE OF STUDENT RECORDS**

The University of Maryland adheres to a policy of compliance with the Family Educational Rights and Privacy Act (Buckley Amendment). As such, it is the policy of the University (1) to permit students to inspect their education records, (2) to limit disclosure to others of personally identifiable information from education records without students' prior written consent, and (3) to provide students the opportunity to seek correction of their education records where appropriate. A complete statement of the University policy and procedures is contained in the Undergraduate Catalog, 1980-81, College Park Campus.

#### **DEFINITION OF FULL-TIME STATUS**

For those students seeking University certification of full-time student status, the following definitions will be applied.

#### **UNDERGRADUATES**

Normally, enrollment in courses totaling six semester hours of academic credit will be defined as full-time enrollment for one Summer Session. Enrollment for six semester hours of academic credit in each of the two Summer Sessions will be defined as full-time enrollment for the summer. Four semester hours of academic credit in each six week session constitutes full-time enrollment for Veterans Administration purposes.

#### **GRADUATES**

Enrollment in academic credits totaling 24 graduate units will be defined as full-time enrollment for one Summer Session. Enrollment in academic credits totaling 24 graduate units in each of the two Summer Sessions will be defined as full-time enrollment for the summer.

Courses in the series: 000-399

carry 2 units/credit hour

Courses in the series: 400-499

carry 4 units/credit hour

Courses in the series: 500-599

carry 5 units/credit hour

Courses in the series: 600-898

carry 6 units/credit hour

Research course: 799 carries

12 units/credit hour

Research course: 899 carries

18 units/credit hour

#### **MAXIMUM LOAD**

Normally, undergraduate students should not enroll for more than eight semester hours of academic credit in one Summer Session. Normally, graduate students should not enroll for more than six semester hours in one Summer Session. Variations on these normal maximum loads must be approved by the student's advisor and/or major department.

## ADVANCED PLACEMENT PROGRAM

Students entering the University from secondary schools may obtain advanced placement and college credit on the basis of their performance in the College Board Advanced Placement examinations. These examinations are normally given to eligible high school seniors during the May preceding matriculation in college.

Questions about the program may be addressed to the Administrative Dean for Undergraduate Studies. Additional information is presented in the consolidated catalog. For detailed information about examinations and procedures in taking them, write:

Director of Advanced Placement Program  
College Entrance Examination Board  
475 Riverside Drive  
New York, New York 10027

## CANDIDATES FOR DEGREES

All students who expect to complete requirements for degrees during the summer should make application for diplomas during summer registration at the Registrations Office, North Administration Building. Such applications should be filed no later than July 10 — degrees to be awarded as of August 15, 1981. While there is no graduation ceremony in August, August graduates are invited to attend the ceremony held in December. Doctoral graduates should notify the Candidate Office, Room 1101B, North Administration Building, if they intend to participate in the December ceremonies.

## CODE OF STUDENT CONDUCT

All students are expected to adhere to the provisions of the *Code of Student Conduct*, as set forth in the Undergraduate Catalog and in the *Student Handbook*. Copies of the code may also be obtained from the office of Judicial Programs in room 2108A North Administration Building, telephone 454-2927.

## ACADEMIC DISHONESTY

Academic Dishonesty is a serious offense at the University and is defined in the *Code of Student Conduct*. The code also provides that any act of academic dishonesty, including a first offense, will place the student in jeopardy "of suspension from the University, unless specific and mitigating factors are present." Disciplinary records for any act of academic dishonesty are also retained in the Judicial Programs Office for three years from the date of final adjudication. These records are available to prospective employers and other educational institutions, in accordance with Federal regulations. *To report academic dishonesty*, or to obtain additional information, dial 454-4746 and ask for the "Campus Advocate."

## GOLDEN IDENTIFICATION CARD

Retired residents of Maryland age 60 and older are invited to apply for a University of Maryland College Park Golden Identification Card.

The card entitles the holder to free tuition on a space-available basis for all University of Maryland credit courses, waiver of most fees and access to all College Park programs and activities on the same basis as all other students. Program participants may simply take courses that interest them or work toward a graduate or undergraduate degree.

A high school diploma is not required for admission to undergraduate courses on the Golden ID card.

Eligibility for admission to graduate courses varies considerably from one area of study to another. In general, a bachelor's degree and a superior undergraduate academic record in an appropriate field are required. However, under some circumstances, appropriate training and experience may make up for deficiencies in these matters. The Graduate School Admission Office will be happy to respond to individual inquiries.

For information about obtaining a Golden Identification Card, contact the Office of Undergraduate Admissions at 454-5550.

## RETIRED VOLUNTEER SERVICE CORPS

People who are retired and have career or life experience skills which they would like to continue to use can do so through the Retired Volunteer Service Corps. By volunteering three hours or more a week, talented older people can help personalize undergraduate education and provide a unique perspective to students at U.M.C.P. Volunteer opportunities include career and academic advising, tutoring, assisting in a variety of technical direct student contact areas — accounting, mapping and library; new positions can be arranged upon request. For further information call the Retired Volunteer Service Corps office at 454-2453.

## LIVING ACCOMMODATIONS

Every student who registers for Summer Sessions course work is encouraged to live in the on-campus residence halls. Undergraduate and graduate students may live on campus during the summer.

Rooms are available from the period just prior to Session I registration until final examinations are completed for Session II. Rooms may be selected for Session I only, Sessions I and II, or Session II only. Rooms will be assigned to all Summer Sessions registrants who desire on-campus housing.

A required Summer Residence Halls Agreement form may be obtained after March 9, 1981 by writing or visiting:

**INFORMATION SERVICES**  
 3118 North Administration Building  
 Department of Resident Life  
 University of Maryland  
 College Park, Maryland 20742

Summer accommodations are co-educational, with men and women housed on separate floors or wings of the same building. Most rooms are designed for double occupancy. A limited number of single rooms are available. Single room assignments are based on the date a completed Summer Residence Halls Agreement is received by the Department of Resident Life, not the date of arrival to claim housing services. Rooms are furnished for student sleep and study. Curtains, desk lamps, rugs, waste baskets, other room accessories, and all personal effects are not furnished. Coin-operated laundry service is available.

Students who have completed the Agreement are notified of specific hall assignment before registration. Specific room assignments are made on a random, chance-distribution basis upon the student's arrival in the hall to claim housing services.

The student is financially responsible for the entire period of the Agreement. Release from this financial obligation can be secured. Conditions for such release are specified in the Agreement. Fees for Summer Sessions housing are:

	6-Week Session	Two 6-Week Sessions
Double Occupancy	\$252.00	\$504.00
Single Occupancy	\$276.00	\$552.00

Although changes in fees ordinarily are announced in advance, the University reserves the right to make such changes without prior announcement. Fees are payable when the Agreement is signed and at any later date through registration for classes, each session. Fees must be paid in full by the date of registration for classes, each session. Proof of enrollment in Summer Sessions and/or proof of payment in full of all fees must be made available to Resident Life on the first day of classes, each session. A student who is not properly registered for classes or who is delinquent in payment of all charges will be required to forfeit housing services.

March 9    Monday    Summer Residence Halls Agreement available from Department of Resident Life. Early completion of the Agreement, especially for single occupancy, is encouraged.

April 28    Tuesday    Deadline for written notice to cancel Summer Residence Halls Agreement without penalty.

May 17	Sunday	Residence halls open 12 noon for Session I and Session II residents to claim room assignments.
May 19	Tuesday	Room assignments not claimed by 12 noon are forfeited. Cancellation charge of \$126.00 is assessed to the student.
June 26	Friday	Residents not remaining for Session II must vacate by 7 p.m. Residents housed for both sessions may remain throughout the break.
June 28	Sunday	Residence halls open 12 noon for residents for Session II only.
June 30	Tuesday	Room assignments not claimed by 12 noon are forfeited. Cancellation charge of \$126.00 is assessed to the student.
August 7	Friday	Rooms must be vacated by 7 p.m.

**NOTE:** Accommodations are for the Summer Sessions only, and in no way affect eligibility for or assignment to residence halls for any academic year. Accommodations for fall and spring semesters are secured only upon renewal of an existing academic-year Agreement or upon completion of separate application and Agreement procedures required of students new to the residence halls.

**DINING HALL SERVICES**

Meals are available to the University community at the South Campus Dining Hall and the Student Union

food facility. The South Campus Dining Hall, Gazebo Room, offers a full service Cafeteria. The Student Union facility houses Lamberghini's Pizza Shoppe, The Bayside Fishery, Les Entrees, a full service Cafeteria, and retail bakery, the Chateau Gateaux. For additional information, please contact the Office of the Director, University Dining Services, at 454-2901.

### UNIVERSITY CHORUS 1981 SUMMER SEASON

Paul Traver, Director

Join the University Chorus and sing some of the world's great choral literature. Music Director, Paul Traver, has planned an exciting season with rehearsals and performances scheduled through both summer sessions. In June, the Chorus will perform J.S. Bach's monumental *St. Matthew Passion* with the National Symphony Orchestra, conducted by the world-renowned Robert Shaw. Other exciting events are being planned. The group is open to all students, faculty and staff of the University and their families. Contact the Music Department for further information about auditions and rehearsals.

Last June, during the first Summer Session, the Chorus performed the Brahms *Requiem* in London, with the Royal Philharmonic Orchestra and Antal Dorati, leading one critic to exclaim: "A musical experience to treasure." Come and enjoy being part of so highly-respected an organization.

### WORKSHOPS, INSTITUTES AND OTHER SPECIAL OFFERINGS

During the summer months the Summer Sessions offer a number of special programs of interest to both students and professional audiences. These programs sometimes differ from traditional courses in instructional format and frequently in duration. In many cases scheduling is different from the dates of the standard academic sessions. Many of the special courses and workshops provide the option of registering either for credit or on a non-credit, non-matriculated basis. Unless noted otherwise, admission procedures for credit registrations are the same as those for standard courses. Special arrangements for registration will be provided for certain workshops, details of which may be obtained from program directors. The standard tuition and fee schedule applies for all credit registrations except that University Health Services are not provided for students registered in courses offered away from the College Park Campus, in which case the Student Health Fee is not charged. Reference to additional or alternative fees may be found under individual listings. Special non-credit fees apply only where specifically quoted. Registrations based upon these fees are available only to non-matriculated students and do not provide credit. The descriptions below are intended to indicate the general content only. WMST 498G, WOMEN AND WORLD DEVELOPMENT.  
3 CREDITS, SESSION I, TTh, 7:00-10:00 P.M.

Irene Tinker

Presented by one of the outstanding authorities on women in world development, this course is a part of the Institute on Developing Nations.

The first part of the course will examine the values and attitudes embedded in Western economic development theory. Challenges to that theory, such as the Basic Needs approach and alternative theories, such as Marxism, will be studied in order to consider how policies based on these assumptions have a differential impact on women and on men.

The second part of the course will study actual sectoral programming in areas of demography, health, agriculture, employment, and education. Students will be expected to select a specific existing development program and evaluate its impact on women and men, discuss the aims of that program in terms of various development theories, and redesign the program to provide greater equity for women. The final sessions will set women-in-development theory in a worldwide context, ranging from UN conferences to donor agencies, to feminist's studies, to the U.S. women's movement. The course will feature guest lecturers from development groups and will emphasize class participation.

The Golden Identification Card Program for Senior Citizens of Maryland: The purpose of this status is to make available without charge courses and services of the University's campuses to citizens who are 60 years of age or older, who are residents of the State of Maryland and who are retired. Such persons may apply for graduate admission, either as degree or nondegree students, and must meet the same admissions criteria pertaining to either category as do all applicants. Once admitted and having been issued the Golden Identification Card, such persons may register on a space-available basis for courses in any session, subject to the same restrictions as any other student. Tuition fees will be waived. Additionally, holders of the Golden Identification Card will be entitled to certain academic services, including library services during the time that they are actually enrolled for courses. The classification of an applicant's resident status will be determined by the University from data on the application form. A retired person will be considered one who affirms that he or she is not engaged in gainful employment for more than 20 hours per week.

## COURSE SELECTION INFORMATION

Courses with multiple sections may be offered in both summer sessions. The session for which a specific section is scheduled is designated by the first two digits of the section number. 01 for Summer Session I, 02 for Summer Session II.

If the course or section meeting dates deviate from the regular Summer Session dates, the specific starting and ending dates are displayed below the title for the course. The section number indicates the session to which a nonstandard course or section belongs for registration purposes.

### EXAMPLES:

A.	ECON 205	3 CREDITS PRINCIPLES OF ECONOMICS I	GRADING METHODS — REG AUD P-F	
	0101	MTUWTHF8	Q	0101 SMITH
	0102	MTUWTHF9:30	Q	0101 JONES
	0201	MTUWTHF9:30	Q	1102 GREEN

In this example, sections 0101 and 0102 meet during Summer Session I five (5) days per week at the times indicated in Tydings Hall (Building Q) room 0101. Section 0201 meets during the second Summer session.

B.	DANC 100	2 CREDITS DANCE TECHNIQUES 0102 12JUN-24JUN	GRADING METHODS — REG AUD P-F	
	0101	MTUWTHF8-10:30	W	2102 BROWN
	0102	MTUWTHF8-12	W	2101 BLACK

In this example, section 0101 meets for the entire Summer Session I but section 0102 begins 12 June and ends 24 June. Section 0102 is a non-standard date course for Summer Session I.

C.	MUED 438	2-3 CREDITS SPECIAL PROBLEMS IN THE TEACHING OF INSTRUMENTAL MUSIC-WOODWINDS 0201 01AUG-8AUG	GRADING METHODS — REG AUD P-F	
	0201	MTUWTHF12:30-4:30	NN	1123 WHITE

In this example, the course is a non-standard date course which is offered between 1 August and 8 August. This is a Summer Session II course for the purpose of registration.

In using the registration forms enclosed in this packet students should take care that the form for the proper session is completed: the Summer Session I form for course sections beginning 01 and Summer Session II form for course sections beginning 02.

Any attempt to register for a course in the wrong session will invalidate the registration.

**NOTE:** Please read the additional information on *nonstandard date* courses elsewhere in this Schedule of Classes. In many instances registration, billing and grading procedures will be different for these courses.
